AEON 1% Club Foundation

**Providing Safe Water to Children in Cambodia and Myanmar  
AEON 1% Club Foundation Presents 55,057,855 yen  
Raised via the AEON UNICEF Safe Water Campaign**

On July 1 (Fri.), the AEON 1% Club Foundation presented the donations received from AEON customers through the “AEON UNICEF Safe Water Campaign”, in addition to the Foundation’s own contribution, and the funds raised through the sale of TopValu Natural Mineral Water (500ml) at AEON Group stores, to the Japan Committee for UNICEF. We are deeply grateful for your cooperation.

During the period of May 9 (Mon.) to May 31 (Tue.) 2022, fundraising was conducted at approximately 7,000 AEON Group stores and offices nationwide. The amount donated by AEON customers was 19,784,040 yen. This was further increased by a donation from AEON TopValu Co., Ltd. of 15,489,775 yen, generated by sales of TopValu Natural Mineral Water (500ml), which was sold during the same period. Sales reached a record high this year, of 3,097,955 bottles. This amount was combined with a contribution by the Foundation to reach a total of 55,057,855 yen, which will be used for the supply of safe water and the installation of water supply facilities in Cambodia and Myanmar.

At the Presentation Ceremony, which was attended by His Excellency Mr. Tuy Ry, Ambassador of the Kingdom of Cambodia to Japan, the Japan Committee for UNICEF presented a report on the current situation of water supply facility installation. H.E. Mr. Tuy Ry expressed his gratitude that some areas of Cambodia have been provided with access to safe water.

In some regions of Cambodia and Myanmar, unhygienic pondwater, river water, or groundwater which contains substances that may be hazardous to health has been used as domestic water in some regions. In addition, many children are unable to attend school as their time is consumed by fetching water from far distances. In order to support such children, the Foundation has been conducting the AEON UNICEF Safe Water Campaign annually since 2010. The campaign has provided more than 600,000 people with access to safe water until now. The AEON 1% Club Foundation will continue to contribute to the sound development of the next generation through this campaign in the future.

Yoshiki Mori, Chairman, AEON 1% Club Foundation, with H.E. Mr. Tuy Ry, Ambassador Extraordinary and Plenipotentiary of the Kingdom of Cambodia to Japan

**AEON 1% Club Foundation Projects**

The AEON 1% Club Foundation is a Public Interest Incorporation that was established in 1990 in order to embody AEON's basic principles of pursuing peace, respecting humanity, and contributing to local communities. The major AEON Group companies donate 1% of their pre-tax profits, and the Foundation engages in social contribution activities such as projects that help to foster the sound development of the next generation of young people.

<p>The Foundation cultivates children's abilities to think about environmental issues while learning about societal rules, via activities such as environment-related study and team presentations of environmental initiative case studies. Furthermore, we support the building of new schools in countries that lack sufficient educational facilities, through coordination with national governments and NPOs.</p>	<p>The Foundation provides students with opportunities for international cultural and interpersonal exchange, and strengthen the bonds of friendship between Japan and various countries by deepening mutual understanding. In addition, we support the development of internationally-minded citizens through actions such as awarding scholarships to foreign students in Japan.</p>	<p>The Foundation supports the transmission of traditional events and culture firmly rooted in local regions, which needs to be passed down to the next generations, as well as providing support for the revival and reconstruction of regions damaged by large-scale natural disasters. We also work to foster new talent who will shoulder the responsibilities of such activities.</p>
